Emergency Contact Information

Dear Parent/Carer

As part of our updated Emergency Management Plan, it is now policy that we maintain a database of at least three emergency contacts for every student.

These are in addition to parent/carers and should live within close proximity to the school. The contacts may be asked to collect your child in the event of an emergency evacuation either from school or our off-site location at Bunya Park Eleebana.

Parents/Carers will always remain our first contact in any situation. This database provides the school with alternate options, if we are unable to reach you. This may include a family friend, neighbour or fellow WBPS parent. These people will not replace the names previously supplied by you for our day-to-day communication such as sick bay and will only apply in extraordinary circumstances.

Please provide at least 3 additional contacts below:

Student/s Name: _____ **Class/es:** _____
(one per family if applicable)

Name	Home/Work Phone No.	Mobile No.

Yours Sincerely

Deb Hall
Principal
